402-444-sink
 (402-444-7465)

www.underthesink.org

Owned and Operated by the City of Omaha, on behalf of the residents of Douglas and Sarpy Counties.

Follow these instructions in preparation for using **UnderTheSink**

These simple rules are for your safety.

- Keep products in their original containers.
- Never mix household chemical products.
- Tighten all lids before transporting.
- Place the containers inside a box so they remain upright. We suggest lining the box with plastic or newspaper to collect any spills or leaks.
- Place leaking or damaged containers inside a heavy or double plastic bag. Only one leaking or damaged container per bag.
- Label any unmarked containers. If you don't know what the chemical is, ask others in your household who may know and write down their comments.
- Place the box of containers in a level place in your vehicle. Either in the trunk or bed of the truck. If unavoidable, items may be in the passenger cabin, opening two windows slightly to allow fresh air to enter.

- Go directly to the facility after packing your vehicle. Don't run errands, go to work, or park your vehicle in the sun while the chemicals are inside your vehicle. The vapor build up could be dangerous!

Once at **UnderTheSink**, follow the directional signs and stop under the canopy. Please wait for a staff member to attend to you. Proof of residency in Douglas or Sarpy Counties required.

With the exception of latex paint, **UnderTheSink** is free to use.

What to bring to **UnderTheSink**.

Listed here and on the reverse are examples of household wastes that will be accepted by the facility. In addition to the items listed, we can accept most products that are labeled with any of the following words: *Caution, Warning, Danger, Poison, Flammable, Volatile, Caustic, or Corrosive*. For items that we are not able to accept, we will try to offer an alternative solution.

With the exception of latex paint, **UnderTheSink** is free to use. Latex paint is not hazardous and can be easily dried out and disposed.

UnderTheSink does accept these items— **Garage & Workshop**
